WHERE CELL PHONES
FALL SHORT,
DIGITAL RADIOS
KEEP YOU GOING.

 **MOTOROLA SOLUTIONS**

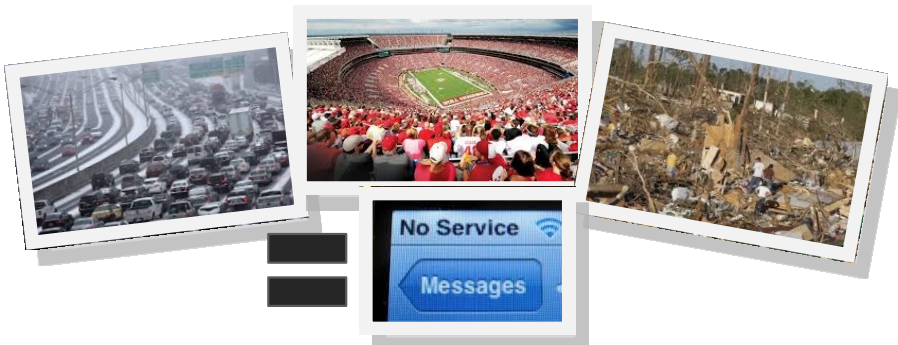

DO YOU THINK CELL PHONES
ARE GOOD FOR BUSINESS?

THINK AGAIN.

Research confirms that consumer-grade cell phones can bring greater expense and risks than ruggedized devices. Little surprise, given cell phones' shortcomings:

- 50% higher total cost of ownership over a 5yr period
- 3x more likely to fail with 180-260 minutes of productivity
- Unavailable in emergencies when cell towers overload
- Unable to block out loud noise
- Gaps in coverage and signal
